Route 3 : Mumbai airport - Manor - Wada - Khodala - Devgaon - 130, awata. (170km)

- Most scenic road through the forest region of Wada, but time taking and narrow.

Route 4: Nashik - Trimbak- Paine - Samundi - Takeharshe- Avathe - 130, awata (86km)

- Public transport is an option but an adventurous one.
- We highly recommend to drive in day light, off the highway the road is thinly populated thus would be difficult to find help incase of emergency at night.
- We are off-grid & 40-45 kms away from the national highway or any taluka.
- No fuel stations, restaurants, grocery stores once off the highway. So we request you to carry all the needful from city.
- Tribal community along the route is helpful. Doesn't mean you give free rides.
- The last 1.2km off the main road to our place is rough & bit dusty.
- The only mobile network you would find all along the route would be jio.
- Please save the route on google map in offline mode.
- We shall also share the location pin of our location with you through whatsapp.
